CERTIFICATE

Certified that the school building was inspected by me on 30/05/2026 and found to be fit to conduct classes, for the period 2026-2027 up to 31/03/2027 for the reasons stated above with following conditions.

1. This certificate is only applicable to the structural stability and civil safety of school buildings/classrooms covered under this. The provisions contained in Circular No M3/347/2019-HEALTH Dated 09/11/2025 Health& Family Welfare (M) Department, Government of Kerala, Circular No. GEDN-M1/188/2025-G.EDN dated 13.05.2026 and Clarification No. GEDN-M1/188/2025-G.EDN dated 25.05.2026, as amended from time to time, shall be strictly complied with by the School Authority. Separate certificates, approvals, or clearances from the competent authorities, wherever required, shall be obtained and maintained by the institution.

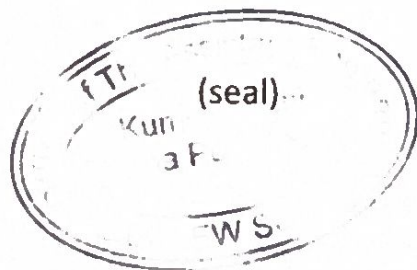

FITNESS CERTIFICATE
To be filled by the inspecting officer (Asst. Engineer)

(Re: G.O. Ms. 20/70/ PWD Dt. 23-01-1970)

2. Maintenance of the school premises should be done periodically. The inspecting officer is not liable for any unfortunate accidents in the school premises due to lack of security or periodic maintenance. Any tree, branch, structure or other object that may pose a risk to the safety of students, staff, or visitors shall be identified and removed, trimmed or otherwise secured without delay. Wells, water tanks, drains, pits and similar facilities within the school premises shall be adequately protected and maintained in a safe condition. Protective covers, grills or nets provided for safety purposes shall be kept intact and serviceable at all times.
3. Roofs covered with tiles, sheets or similar materials shall be inspected periodically, particularly during the rainy season and any defects or deficiencies detected shall be rectified promptly.
4. In the event of any structural distress, damage, leakage, cracks, settlement, deterioration or other defects arising due to ageing, weather conditions, natural calamities or any other cause, the affected portion of the building shall not be used until the necessary repairs and safety assessments have been completed by competent technical personnel.
5. This certificate is only for the structural safety of the classrooms mentioned in this certificate. It does not cover safety in laboratories, kitchens, etc. Fire extinguishers and other emergency safety equipment shall be provided and maintained in readily accessible locations.
6. For any new construction in the school compound, it should be intimated and a permit should be obtained from LSGI. Safety measures such as barricades must be ensured.
7. All doors, windows, staircases, handrails, gates and other building components shall be maintained in sound and serviceable condition to ensure the safe use of the building.
8. This certificate does not cover the safety of electrical installations, playground equipment, furniture or any other facilities that have not been specifically examined as part of the structural inspection. Internal wiring of the school should be verified by a registered /Approved Electrician before conducting classes
9. The School Authority shall strictly comply with all the above conditions and shall ensure the continued safety of students, staff and visitors. Any deficiency observed during subsequent inspections shall be rectified forthwith. Failure to comply with these conditions may result in the withdrawal or cancellation of this Fitness Certificate and such other action as may be deemed necessary by the competent authority.

Place: Kumbalangi
